

Year 6

Term1 Theme Homework

Rainforest

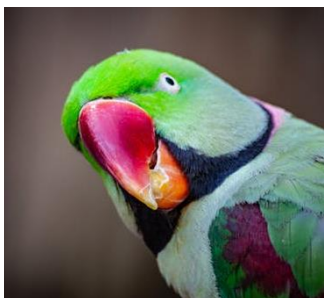

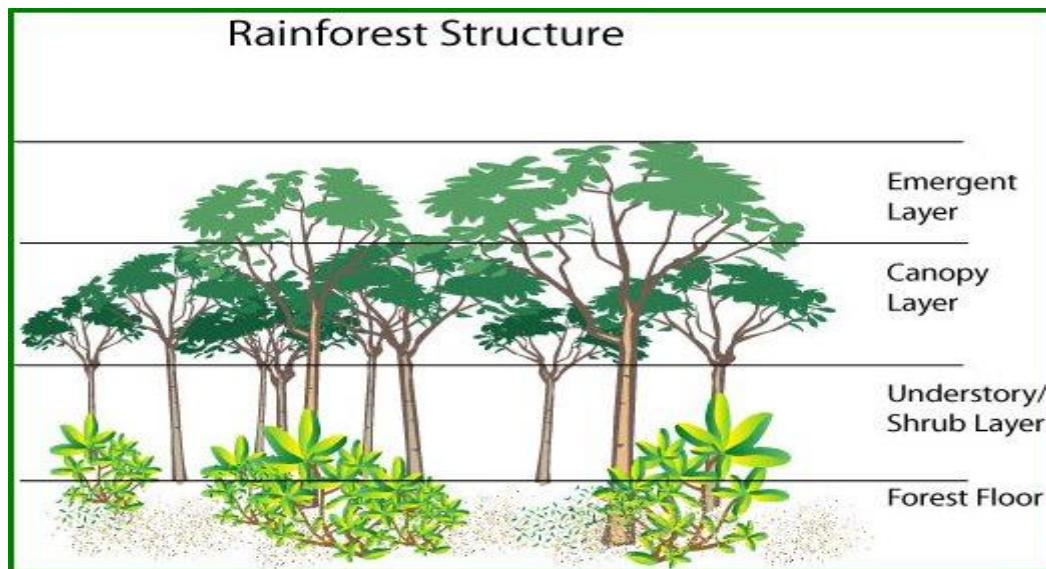

Due in week beginning: Monday 15th October 2018

Your task is to make a 3D model to illustrate the 4 main layers of the rainforest. You can use any materials you wish and you can also include additional information through posters, fact cards, power points or illustrations.

Success Criteria:

- I can use a variety of materials to create an interesting model
 - I can clearly label the 4 layers of the rainforest
 - I can describe/explain key facts about each layer
- I can include some of the common features of a rainforest in my model. E.g. Animals, rivers, waterfalls, trees, plants etc...

Should you require any support or have any questions please do not hesitate to contact any of the year 6 team.
