

Whitstable Junior School

Sports newsletter- Term 2 2018/19

Welcome to our sports newsletter for Term 2. Both the girls and boys football teams have been busy playing fixtures every week this term at various different schools. We have also taken part in the intra-school Basketball competition at Herne Bay High. Enjoy the newsletter!

Mr Peal

Girls football

First of all, huge congratulations to the girl's football team who have improved their football skills leaps and bounds over the course of the term. They have played nine matches, at the time of writing and only have two to play. They have enjoyed two wins in their debut season, 2-0 victories against St. Mary of Charity and Luddenham schools respectively. The girls have not only come a long way as footballers, but their team spirit and enjoyment of the game has been a joy to see and hopefully has ignited a passion for sport inside them. Well done girls!

Boys football

It has been a difficult season for the boys; they have put in some great performances, but unfortunately haven't managed to get their first win yet, in a very competitive league. Lots of the team are year 5 boys, who have done well and earned some valuable experience this season. We have one game left next term against

Herne Juniors, hopefully we can close the season with a good performance.

Basketball competition- 14th November at Herne Bay High

The Basketball competition took place At Herne Bay High in November. The team played some great Basketball and were really unlucky to narrowly lose all three group fixtures, meaning we didn't progress to the quarter finals. Despite this, the team enjoyed the experience and the star player award went to Marcie!

Looking ahead to next term, there is the year 5/6 Sportshall athletics competition to look forward to, for which training has already begun with Mr Kidd. Also, there are the final football fixtures for both the girls and boys teams and the start of some new clubs.

Enjoy the Christmas break!

Mr Peal and Mr Kidd
