

# WORLD ART DAY 2020

HERE I'LL TALK TO YOU ABOUT WORLD ART  
DAY

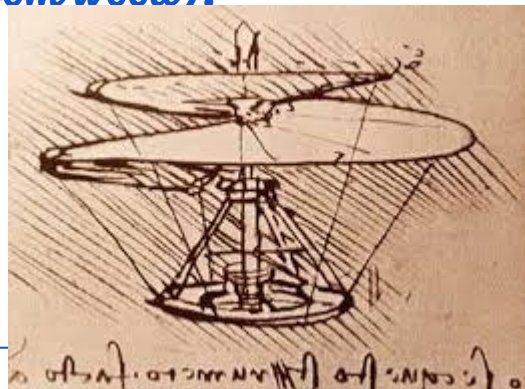

# WHY WAS WORLD ART DAY STARTED?

World art day was started because of Leonardo da Vinci passions/hobbies: inventing, drawing, maths, science, music, painting, architecture, sculpting, anatomy,

botany, geology and much more. This was mainly because of his most famous work of art: the Mona Lisa. His work went down in history with him as he created tanks (made from wood and cardboard) and helicopters (made from wood).

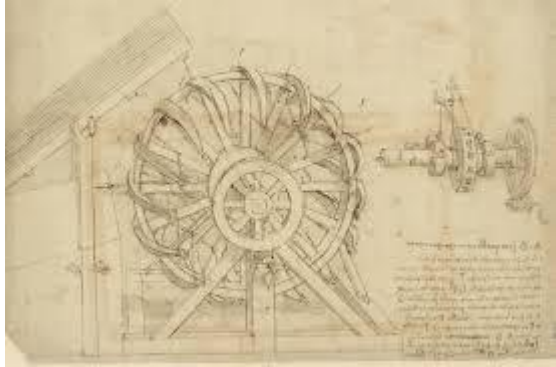

Sketch for tanks

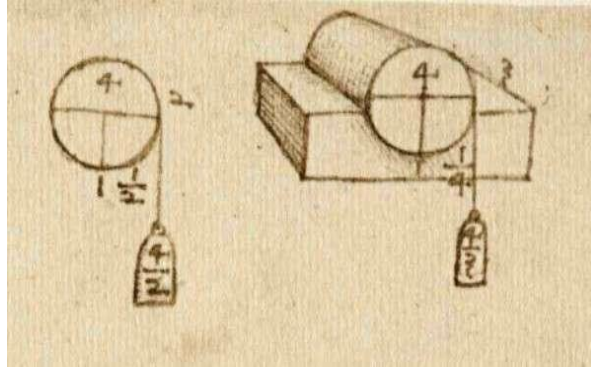

sketch for helicopters

# WHY IS THIS SO SPECIAL?

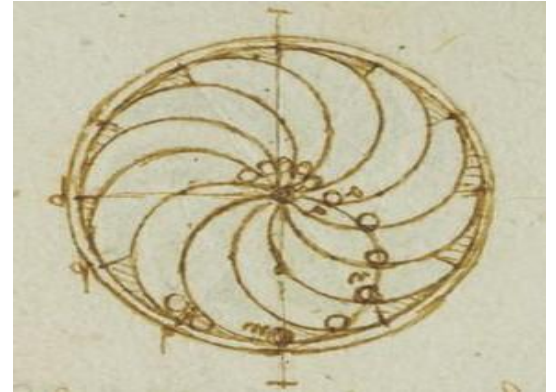

*This is special because we're celebrating a man who's work (and him) went down in history. Leonardo Da Vinci had one goal: to help society. He revolutionized the world one invention (or sketch) at a time. He's probably one of the most successful people in history although he had some mishaps but that didn't hold him back. Leonardo's sketches changed it all. Below are some amazing drawings made by Leonardo.*

*Science sketch*

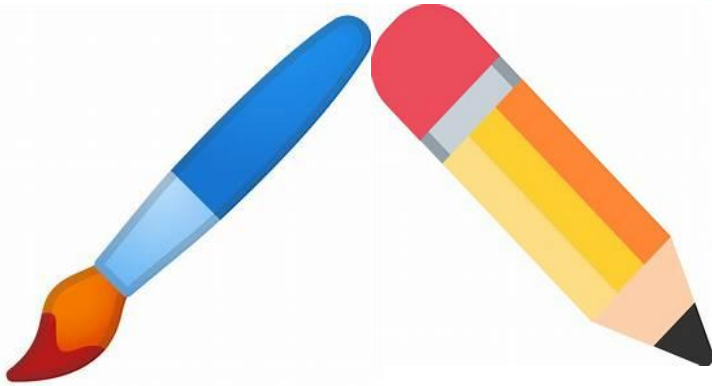

*friction sketch*

*clock sketch*

# WHAT DO WE DO FOR THIS OCCASION?

*You don't have to do anything but you could: write a story (or poem), compose a song, draw (or paint) or even do a comic stripe. You don't have to do any of it you also don't have to all of it. But if you can please try just to do one. Do it for the man who died of stroke (Leonardo da vinci).* 🙄

*You can base your task on anything you want (within reason)*

HAVE A NICE ART  
DAY EVERYONE
