Staff Protocol for Live Video Calls to Children

Staff are required to read this protocol prior to starting live online sessions.

Staff;

1. Will know the parent/child rules (below) for accessing live sessions and will respond accordingly if these are breached (turn off cameras and or mute, contact parents/carers),
2. Will be appropriately dressed (no bare skin, or nightwear).
3. Will use professional language.
4. Will be in an appropriate living space and ensure that no inappropriate or unsuitable personal possessions are visible (e.g be considerate of wall art, book titles)
5. Will agree online behaviour expectations with learners at the start of lessons. If live streaming, staff will mute and/or disable learners' videos and microphones, as required.
6. Will inform the Designated Safeguarding Lead if they have any concerns arising from the live session.
7. Will inform other household members that they are going to be live and of the expectations around appropriate dress and language.
8. Will endeavour to ensure other household members will not be in the background of the live session or recording. However, there may be occasions when this occurs unplanned. In these circumstances staff should respond immediately by turning sound or camera off if the intrusion necessitates this because of a breach in the protocols outlined above.
9. Will not answer a personal phone or answer the door during a live session.
10. Will not leave the Live Session unattended. If an emergency situation arises where this is required staff should turn off all cameras and mute all participants.
11. Will revisit our Online-Safety Policy as necessary.

Parent Rules for engaging with a live video call from home:

1. Video meetings should take place in a family room in the house, such as a living room or kitchen. Children may not join a video call from their bedroom.
2. Check to make sure that nothing private is visible behind you.
